## Symptom

When you post a goods receipt, the system displays error message ME 573 "Transaction cannot be posted due to errors in price determination".  
In the long text of the message, the following error has been marked:  
"Error with maintenance delivery costs in master conditions. Delivery costs conditions in different validity periods are not identical."

## Other Terms

ME573, MB01, MIGO

## Reason and Prerequisites

This system behavior has been included in the R/3 standard with Note 446831. For more information regarding the reasons, you must refer to Note 446831.

## Solution

If this system behavior is not desired because the goods receipt must be posted urgently or because inaccuracies are not relevant for you in the statistics update, you can deactivate the new program component through switch LF\_BNK\_CHECK in Include LEINRF2N.  
For this, proceed as described in the attached correction instruction.
